

LOCAL TALENT

CURTIS MICKLISH has a minimal approach to his side tables — almost like they might disappear. The *Air Table* is a cube of walnut and painted steel rods. The *Fingerprint* has either a walnut or maple plywood routed top on spidery painted steel rods. HEAVEN SCENT

SANTA MARIA NOVELLA products have the history of the renowned 16th-century pharmacy in Florence behind them. Scented candles and potpourri are yet another essential accessory to the home. Santamarianovella.com ♦
